--	------------

CHARLES H. CHESLEY,
ANNIE B. LAUGHTON,
MARY E. PERKINS,

School Board

Nottingham, N. H.
February 10, 1934

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Citizens of Nottingham:

The past year has seen our country under way toward national recovery. Co-operating with the President's "nation-wide plan to raise wages," the District should take steps to restore teachers' salaries at least to their former level. Federal aid has been extended to Nottingham in the form of the distribution of milk for a longer period, the distribution also of cod liver oil ("bottled sunlight"), and recently has been arranged for needed dental and medical treatment on a relief basis. The School Nurse, Miss Margaret MacDonald, has been active in administering this relief as well as in carrying on her regular duties of examination and visitation. Last year the nurse took thirty-four pupils to the dental clinic, and four pupils to three other outside clinics.

At the end of last year, Mr. Daniel L. Miner, who has served the District thirteen years as a teacher, was transferred to the status of a substitute, at his own request. Mrs. Miner was transferred from the primary room at Gebig School to the grammar room, and Mrs. Mildred K. Chesley was elected as primary teacher. Mr. and Mrs. Miner were given leave of absence from January 1 to April 1, 1934 to make a trip to Florida. Miss Annie L. Sewall has been substituting for Mrs. Miner.

During the present year the following high schools have received Nottingham pupils:

Newmarket High	7
Raymond High	5
Coe's Northwood Academy	4
Exeter High	2
Robinson Seminary	1
<hr/>	
Total	19

The problem of water supply has become acute at our schools. Wells will doubtless have to be dug in the near future to furnish this necessity. Suitable playground apparatus is still needed to provide proper exercise and recreation.

National Recovery has given the American people a renewed confidence in the vitality of our government and in its ability to guide the progress of the nation by intelligent planning. But it is not enough to have the leadership of a "brain trust." As Secretary of the Interior Ickes says, "The individual American must be educated not only that he may be able to enjoy a happier and fuller life; he must be educated in order that, in co-operation with other educated Americans, he may do his part toward sustaining and upbuilding an intelligent and beneficent and capable government.

Respectfully submitted,

CHESTER W. DOE,
Superintendent of Schools.
